

# HandPunch® GT-400

# Biometric Time & Attendance Terminal

## The industry's most reliable biometric just got better

The HandPunch® GT-400 brings the flexibility of a full-function time and attendance terminal together with the sophistication of the most robust verification technology available. To eliminate employees from punching in for one another, the HandPunch GT-400 uses the size and shape of your employee's hand to verify their identity each time they punch. No fingerprints or palm prints are utilized ensuring the privacy of each user.

#### A cost-saving, easy-to-use solution

With the HandPunch GT-400, your hand is your badge. The cost of creating and administering badges is eliminated along with buddy punching (when one employee clocks in for another). The system ensures payroll accuracy by simply requiring each employee to be there to punch. The terminal is fast and easy for anyone to use.

#### Cutting edge technology with a rich feature set

The HandPunch GT-400 uses an open architecture design coupled with standard features like a large display, programmable soft function keys and Ethernet connectivity. Coupled with our partner's solutions, the GT-400 is—hands-down—one of the most effective solutions for workforce management. This means daily, tangible benefits such as accurate record keeping, risk mitigation, and increased employee productivity that drives your bottom line and provides peace of mind for you and your employees.

## **Features and Benefits**

- 8 ATM-style soft function keys make dynamic labeling a snap
- 3.8 inch QVGA display lets users access more information per screen
- · Large LED light bar for easier visual response
- · Antimicrobial-infused platen, keypads and chassis
- Open architecture design enable maximum programming functionality
- Improved serviceability and uptime with remote diagnostic capability
- · Employee self-service kiosk functions
- · Real-time communications

Attendance on Demand, Inc. offers the popular Schlage HandPunch GT-400 Biometric Time & Attendance Terminal and adds unique communications capabilities and additional features. Attendance on Demand clocks are Internet-ready, allowing employee work times and transactions to be recorded and shared easily with Attendance on Demand. These HTTP-enabled time clocks communicate directly over the Internet with our hosted time and attendance service. They do not require any software installation at your site. These truly plug-and-play time clocks are:

- Quick to install.
- Easy to use, manage, and maintain.
- Reliable for collecting information.

Hardware Specifications		
Size:	8.0 in (20.32 cm) wide x 11.18 in (28.40 cm) high x 7.52 in (19.10 cm) deep	
Weight:	5.8 lbs (2.63 kg)	
Power:	10.8 to 13.5 VDC	
Environment:	Operating: 32° F to 113° F (0°C to 45° C) Relative humidity: 5% to 85% NC Non-operating (storage): 14° F to 140° F (-10°C to 60° C);	
Verification Time:	Less than one second	
Template Size:	20 bytes	
Communications:	Standard Ethernet 10/100 RJ-45 type connector	
Data Management Keys:	8 programmable soft keys	

Software Specifications			
	Software as a Service (SaaS) solution		
	Centralized Database		
	Hand Template Management		
	Debug Logging		
	Double-Punch Restriction		
	Automated Data Synchronization		
	Data Encryption		
Special Features	Bell Scheduling		
	Security Access		
	Auxiliary Prompt Initiation Rules		
	Special Enrollment		
	Individual Employee Threshold		
	Template Averaging		
	Configurable Audio Response		
	Capacity: 1000 employees, 5000 transactions, and 3000 schedules		
	PIN - ID (Digit Length)		
Credential Inputs	Barcode Card Reader (Code 3 of 9, 2 of 7)		

Channel Partner: Reliable Business Technology, Inc. 855-RBT-1313 or info@RBTCompany.com www.RBTCompany.com

Software Specifications			
	Add Punch For Specific Employee		
	Add Schedule For Specific Employee		
	Credit Hours for Specific Employee		
	Credit Dollars for Specific Employee		
	Lift Restriction for Specific Employee		
Supervisor Capabilities	Global Time Restriction for Employees		
- I - I - I - I - I - I - I - I - I - I	Display Employee Names, Badge Numbers, and the Date and Time of Each Employee's Last Punch (Sorted by employee last name)		
	Display Employees who are Punched In with Their Names, Badge Numbers, and the Date and Time of Each Employee's Last Punch		
	Complex Data Collection (time of day, hours, dollars, workgroup, date, selection list defined at configuration)		
	Callback Punch		
	Workgroup Transfer		
Employee Capabilities	Employee Review (Last Punch, Schedules, Benefit Balances, Pay Designation Sum- maries)		
	Request Time off (Vacation, Sick)		
	Trigger Relay		
	Tip Entry
